Re: Proposal #2009007, Domain Name WhoWas

Dear Pat,

ICANN has conducted a preliminary review of VeriSign's request for the Domain Name WhoWas Service, pursuant to the dot-com Registry Agreement between VeriSign and ICANN dated effective 1 March 2006, and the dot-net Registry Agreement between VeriSign and ICANN dated effective 29 June 2005.

Based on the information provided, ICANN's preliminary review did not identify any significant competition or security and stability issues. VeriSign may proceed to deploy as requested.

Sincerely,

Patrick
