Subject: GAC Response to ICANN Board Regarding EPDP Phase 2 Policy Recommendations 19-22

Dear Maarten,

Thank you for your [notification to the GAC](#) (10 February 2021) regarding the GNSO's approval of [Priority 2 policy recommendations](#) developed during Phase 2 of the Expedited Policy Development Process (EPDP) on the Temporary Specification for gTLD Registration Data.

At this point in time, the GAC has not identified public policy concerns with regard to Recommendations 19-22. Nevertheless, the GAC recognizes that the implementation of these recommendations could raise such concerns and in that event, the GAC would of course consider providing further input.

Best regards,

Manal Ismail
