Subject: ICANN Newsletter and Alert Subscription Update

Dear ICANN Stakeholder,

Many of you use an ICANN org subscription feature called myICANN to receive content updates delivered directly to your email inbox. On 17 December 2018, we will replace myICANN with a subscription feature that is more reliable and compliant with privacy regulations such as the European Union's General Data Protection Regulation.

If you currently subscribe to myICANN and want to continue to receive ICANN org announcements and newsletters delivered to your inbox, visit our [ICANN Newsletters and Alerts subscription page](#) to register. You can also use this link to subscribe to ICANN's monthly regional newsletters for Asia Pacific (AP); Europe, Middle East, Africa (EMEA); Latin America and the Caribbean (LAC); and North America (NA). These newsletters are available in multiple languages as relevant to the region.

More detailed information about this update is available in an ICANN blog published [here](#).

Kind regards,

Cyrus Namazi
Vice President, Global Domains Division
