

Amendment No. 3 to Registry Agreement

The Internet Corporation for Assigned Names and Numbers and .CLUB DOMAINS, LLC, a Florida corporation, agree, effective as of _____ (“Amendment No. 3 Effective Date”), that the modification set forth in this amendment No. 3 (the “Amendment”) is made to the 08 November 2013 .CLUB Registry Agreement between the parties, as amended (the “Agreement”).

The parties hereby agree to amend Exhibit A of the Agreement by adding the following new text as a new section 6:

[START NEW TEXT]

“6. Protected Marks – Unlimited Name Blocking Service (UNBS)

The UNBS is a service that allows trademark rights holders to block certain labels from registration. The blocked names must comply with the provisions described in Specification 5, Section 3.3 of the Registry Agreement.

Domain Names blocked by the UNBS service will be either an exact match of a label or will contain an exact match of such labels, or may include domain names that are a misspelling or contain a misspelling of a label. Labels which are blocked as a result of participation in UNBS do not prevent other trademark rights holders or UNBS holders from unblocking a domain name associated with the blocked label and registering the domain name.”

[END NEW TEXT]

The parties agree that, except as set forth in this Amendment, and any prior duly authorized and executed amendments, the current terms and conditions of the Agreement will remain in full force and effect. All capitalized terms not defined will have the meaning given to them in the Agreement.
